

Dr. Miles' Nervine
A REMEDY FOR THE
Effects of Tobacco.

THE excessive use of tobacco, especially by young men is always injurious and undoubtedly shortens life materially. Mr. Ed. C. Egan, compositor on the Contra Costa News, Martinez, Cal., writes: "I have used Dr. Miles' Nervine and received much benefit from it. I was troubled with nervousness, dizzy spells and sleeplessness, caused by the use of tobacco and stimulants. I took Dr. Miles' Nervine with marvelous good results, allaying the dizziness, quieting the nerves, and enabling me to sleep and rest, proving in my case a very beneficial remedy." Dr. Miles' Nervine is especially adapted to restoring the nervous system to its normal condition under such circumstances. It soothes, heals and strengthens.

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nervous free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

THE DREYFUS DRAMA

Unrolled Before a Crowded Court at Rennes by M. Labori.

GEN. MERCIER CORNERED

By Dreyfus' Counsel on the Schneider Letter, Which Had Been Pronounced a Forgery by Its Reputed Author—Mercier in Danger of Arrest Before the Week Is Out.

Rennes, France, Aug. 23.—It was Maitre Labori's day yesterday at Lyons, where Captain Alfred Dreyfus is standing trial on charge of treason. Labori was the central figure of the session. As the Dreyfus drama unrolled before a crowded court during the afternoon, his tall, viking-like form, draped in a long black gown, bordered with ermine, sitting in front of the footlights, was the magnet which, from the moment the curtain was run up until it fell, drew all regards, not merely glances of curiosity, but the steady gaze of admiration. His mere presence brought brightness into the courtroom and fresh light into the proceedings.

Labori did what people had expected. He galvanized the dormant defense into an active, living thing. M. Demange is conciliatory. He has always seemed to fear to tread on the military corn.

Labori is a gladiator, and always speaks to touch his foe to the quick. Let there be the slightest opening in his opponent's defense and he thrusts home.

Yesterday when M. Demange found nothing to ask a witness, M. Labori's quick eye discovered weak spots and he came forward with searching questions. He opened with an eloquent speech and the audience could have listened for an hour to his rich, melodious voice, modulated tones and then impassioned outbursts, accompanied by energetic and speaking gestures.

Generals Rogot, Eliot, Mercier and Boisdreffe, with the other military witnesses, gave one another anxious glances and put their heads together to exchange obviously disagreeable impressions as Labori piled the smaller military fry, who occupied the witness stand successively with disconcerting questions.

Labori cornered Mercier on the Schneider letter, which the latter had used in evidence and which Colonel Schneider had repudiated as a forgery. The general was surprised when Labori suddenly demanded that Mercier be recalled. Evidently he hoped the tribunal would support him in refusing to explain how he got a copy of a letter which was of later date than his incumbency at the ministry of war.

But Labori was not to be denied. He insisted that Mercier should give some explanation. Then, after hesitating, Mercier declared that he would assume all the responsibility attaching to his possession of the document. This, as Labori intended it should be, was a demonstration of communication by the

No ingenuity of barbarism—no devilish invention of the masters of torture during the time of the Spanish inquisition ever devised an agony so intense, so long enduring, so nerve-harrowing as that which is suffered day after day by the women whose distinctly feminine organism is deranged or diseased. There are three most trying times in every woman's life: 1st—when girlhood blossoms into womanhood; 2d—when motherhood is achieved; 3d—when the capacity for motherhood ceases (the change of life).

Dr. Pierce's Favorite Prescription was devised to make these three periods safe and painless by restoring to vigorous health the organs involved. It soothes, heals, nourishes. It gives Nature just the help it needs. It is the only preparation of its kind devised by a regularly graduated physician and skilled specialist in the diseases of women.

Me-too-medicines are preparations without standing or success. They are the substitutes sold as "just as good." Having no record of their own, when Dr. Pierce's cures are referred to they cry me-too, me-too, like the cuckoo in a Swiss clock. Don't accept me-too medicines for "Favorite Prescription."

Mrs. M. Barnes, of Bulls Ferry, Shasta Co., Cal., writes: "My physician said I was suffering from the effects of change of life. I had heart disease and female trouble and rheumatism. My head was so dizzy I could hardly stand up. When I began Dr. Pierce's medicine I improved right along. I took seven or eight bottles of the 'Favorite Prescription,' a teaspoonful three times a day, and the Pleasant Pellets at night. I feel as well as I ever did. I take great pleasure in recommending Dr. Pierce's medicine to suffering women. I think that they are the best medicines in the world."

general staff of part at least of the secret dossier to an ordinary soldier, such as Mercier became immediately on leaving the ministry of war. When Labori had attained his object and forced a confession of grave violation of law on the part of General Mercier, he gave a smile of grim satisfaction and then added significantly: "I shall have other questions to put to General Mercier."

The scene was highly dramatic and made a profound impression upon all the spectators.

General Mercier must now be spending a very miserable day, for, as the result of this admission and with the additional charge of communicating secret documents to the court-martial of 1894, he is liable to arrest at any moment. Indeed, some people think it not impossible that he will be lying in the military prison adjoining the cell of Dreyfus before the week is out.

Another series of questions put by M. Labori concerned Lajoux, a spy, formerly in the service of the French war office, but packed off to South America, according to various military witnesses, because he proved a swindler.

Labori asked how it was, if that were so, that Lajoux was still receiving monthly payments.

Commandant Rollin, completely taken aback, replied that a cessation of payment was under consideration. The impression conveyed by Labori's questions and the replies given was that Lajoux was being paid by the war office to keep out of the way in the interests of Esterhazy, whom Lajoux, in a letter read in court offering revelations in the Dreyfus affair, indicated as the real traitor. M. Labori's cross-examination in this matter, therefore, was a distinct advantage to the accused. Labori announced that he intended to recall several witnesses.

SOFT COAL TRUST

Being Organized by the Railroad Mines of Pittsburgh District. Cleveland, Aug. 23.—It is learned that the soft coal trust being organized among the railroad mines of Pittsburgh district is being financed by Moore & Schley of New York through their agent, J. B. These options are on cash contracts, but it is understood that the coal men will be given the preference in subscribing for the stock. PHOENIX PARK MURDER

Dublin, Aug. 23.—Earl Cadogan, lord lieutenant of Ireland, yesterday signed the expected order releasing from Marlborough jail James Fitzharris, alias "Skin the goat," who in May, 1883, was sentenced to penal servitude as an accomplice in the murder on May 4, 1882, in Phoenix park, Dublin, of Lord Frederick Cavendish, chief secretary of Ireland, and T. H. Burke, permanent under secretary, who were assassinated by stabbing, by four men known as the "Invincibles."

An order of release was also signed in the case of Laurence O'Hanlon, sentenced to penal servitude for attempting to murder members of the jury engaged in the trial of persons charged with the murder, in November, 1883. Fitzharris and O'Hanlon left the jail last evening.

MAITRE LABORI

Was Present in Court Again Today With His Wife. Rennes, Aug. 23.—The Dreyfus case began at the Lyons this morning with Maitre Labori and Madame Labori present.

The session opened with the testimony of minor witnesses—Roy and Draviell. The latter deposed that Dreyfus, while with the general staff, could have access to documents unperceived during certain hours of the day.

Captain Dreyfus, replying, admitted that he was present during these hours, but explained that his presence was connected with his duties.

WERE SHIPWRECKED

Twenty-Five Sailors Brought to Norfolk in a Miserable Plight.

VICTIMS OF THE STORM

Which Swept the Indies—Had Nothing but a Few Tattered and Torn Clothes—Eleven Vessels Ashore Between Kennakoot and Hatteras, N. C.—Thirty Lives Lost.

Norfolk, Va., Aug. 23.—Thirty-five shipwrecked seamen, who had nothing in the world but a few tattered and torn clothes on their backs, some injured, and all miserable, arrived here yesterday from Hatteras, N. C. From them it is learned that the recent hurricane which sent so many people to death and destroyed vast estates in Porto Rico, added another chapter to its horrors in a little stretch of beach from Kennakoot to Hatteras, N. C. Thirty people are known to have lost their lives in this district, which is only 18 miles long, and the beach is strewn with spars, masts and other wreckage. The sailors say 11 vessels are ashore on the coast between Hatteras and New River inlet. No such damaging result has attended a storm on the coast in the past quarter of a century. Waves ran mountain high and the wind howled unceasingly several days and nights at a 75-mile velocity. That not more lives were lost in the vicinity of Hatteras is considered by the survivors nothing less than a miracle.

Among those who arrived yesterday were 10 of the crew of the barkentine Priscilla, Captain Benjamin R. Sprungstein of Baltimore. The Priscilla lies on Gull Shoals, 18 miles north of Cape Hatteras. There were four fatalities shortly after the Priscilla went ashore, the captain's wife being washed overboard and drowned within 10 minutes from the time the bark struck. The others who lost their lives were the captain's two sons, aged 24 and 12 years, a Mr. Goldenborough, connected with the Lee family and a relative of one of the vessel's owners, C. Morton Stewart & Co.

Captain Springstein escaped from the wreck with the remainder of his crew, but he is still at Hatteras suffering from a deep wound in his chest. The Priscilla left Baltimore for Rio Aug. 12 with a general cargo. All of the vessel's crew were injured more or less.

The schooner Robert W. Dazey, Captain Olsen, left Philadelphia Aug. 14 for Jacksonville, Fla., with coal. She partially washed away as soon as she struck the beach Thursday evening. The crew of six were rescued by life-savers.

The schooner Florence Randall, Captain Cavley, was bound from Long Island to Charleston, S. C., with fertilizer. She struck Wednesday evening and was soon washed to pieces. The captain and crew of 10 were rescued.

The schooner Minnie Bergen, Captain Bowman, from Philadelphia for Nuevitas, Cuba, with iron and coal went ashore Friday. Her crew of 10 men were rescued.

All the men who came here were taken in charge by local seafaring men and started for Baltimore.

ILLINOIS WHEAT

Statistics as to Acreage, Yield and Value. Springfield, Ill., Aug. 23.—According to a bulletin issued last evening by the state board of agriculture there was 48 per cent of the area of wheat seeded last fall which was winter killed, leaving 1,168,200 acres for harvest. The yield was 10,280,000 bushels which, at 65 cents, the average price on Aug. 1, would make the crop worth \$6,687,000. Of spring wheat there was seeded 46,000 acres, yielding 774,000 bushels, valued at 68 cents Aug. 1, or \$528,000. It is estimated that it will require 3,030,000 bushels for seed this fall and 15,271,000 bushels for home consumption, a total of 18,307,000 bushels, therefore exceeding the amount raised in the state by 7,000,000 bushels.

The corn area is 6,925,493 acres, a slight decrease from last year. The condition is excellent, being 97 per cent of a normal in northern, 83 in central and 92 per cent in southern Illinois.

THE PROFESSOR'S WIDOW

The stern professor of the feminine preparatory school sat at his desk trying to unravel a knotty problem when a duffy haired miss of 16 approached. "Please, sir," she began in a tremulous voice, "will you grant me permission to go out riding with my brother this afternoon?"

Now, the old man had not forgotten the days of his youth, neither was he a fool, and looking over his spectacles he slowly said:

"So you want to go riding with your brother, do you? By the way, is this brother of yours any relation to you?"

Mrs. Pinkham's Advice Saved Mrs. Hayes From an Operation.

[LETTER TO MRS. PINKHAM NO. 64,283]

"DEAR MRS. PINKHAM—Words cannot express my thanks to you for your kind advice to me in regard to my health. I had been running down in health for about seven years. I had doctored with good doctors and taken a great many patent medicines. My trouble began when my first child was born. I had a very hard time and after its birth would have severe flooding spells. After my second child I had very good health until last winter when I again became pregnant and suffered very much and miscarried. I came very near dying, and the doctor said I must have an operation, which frightened me very much, and I concluded to write to you for your advice, and take your medicine. Was troubled with the whites, great pain in back and hips, sometimes when lying down or sitting was unable to get up. Would have such pain in groin could hardly walk. I can say I have never seen anything so wonderful as Lydia E. Pinkham's Vegetable Compound and Sanative Wash. Your remedies have done wonders for me. Hoping that many of my suffering sisters may be led to take your medicine from reading this letter, I remain, sincerely yours, MRS. MARY HAYES, HARDINGSBURG, KY."

Letters like the foregoing should convince everyone that Mrs. Pinkham's advice is certain help.

The First Anniversary.

It is just a year since the Chicago, Milwaukee & St. Paul road inaugurated its celebrated Pioneer Limited passenger train service between Chicago, Milwaukee, St. Paul and Minneapolis. This service marked the new era in the railroad world in the line of passenger accommodations. At a cost of a quarter of a million dollars that progressive company furnished the traveling public, in its Pioneer Limited train, comforts and facilities the best ever produced. This train has been described many times in newspapers and magazines, but should be seen and examined to be appreciated. In beauty of finish, richness and elegance of furnishing nothing equal to it has ever been attempted by any other road. The car builders were nearly a year in completing the Pioneer Limited trains (there are two—one leaving Chicago for the west and the other leaving the Twin Cities for the east every evening in the year) and they stand today a monument to the builder's art. No regular passenger train service in America is as well known as the Pioneer Limited. From the standpoint of passenger traffic the past twelve months have been the most successful in the history of the St. Paul road, made so very largely by the Pioneer Limited. The patronage of this service is a striking illustration of the fact that the public appreciates a good thing.

WINE OF CARDUI

THE LINK THAT BINDS.

JACKSON, TENN., Nov. 22.
I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.
Mrs. E. N. JOWERS.

Wine of Cardui

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.

Perservation Of Medicines

When the preparation of medicinal
compound is completed, the first con-
sideration is to look after its preserva-
tion. Some preparations rapidly deterio-
rate, are affected by exposure to
light or contact with the air. Others
improve upon long standing and do
not reach their full effectiveness un-
til six months or a year after their
manufacture. Proper corkage and
storage in a cool place is essential.
We observe all the little points in car-
rying out our processes and we know
that what we dispense conforms to the
standard of accuracy and purity.

WATER TANK WRECKED.

B. & O. S. Meets With a Big Loss
in the Yards Here.

Tuesday evening between six and
seven o'clock the water tank and some
cars were wrecked in the yards here.
A train of about forty cars were pushed
in on a switch that terminated a few
rods east of the water tank.

The engineer was unable to see the
signals of the switchman who was on
the ground, and as a result the rear cars
were forced into the frame work sup-
porting the tank leveling it to the
ground with a crash. The tank con-
tained about 50,000 gallons of water
which literally flooded that portion of
the yard. Under the tank were stored
seven barrels of oil, about 350 gallons,
which were also destroyed.

One car was totally demolished and
four others were more or less damaged.
The loss to the company is estimated at
\$2,000.

The destruction of the water tank
will prove a great inconvenience in the
yards and at the round house until it
is restored.

GOLD PROSPECTOR

Return of R. L. Gilchrist of Ander-
son From the Klondike.

Anderson, Ind., Aug. 23.—R. L. Gil-
christ, agent of the Wabash, Anderson,
Indianapolis and Cincinnati Big Four
railway men, in a gold-seeking expedi-
tion, returned here yesterday, after a
year's absence. He left Dawson City
July 20. Gilchrist estimates that 90
per cent of the prospectors who entered
the Klondike last year are coming home
without having attained success. He
left his partner, a former Big Four en-
gineer named Hayden, in charge of
three claims, which appear to be rich.
He brings a detailed report to the com-
pany, of little encouragement, as ma-
chine is necessary to operate in quartz.
The claims are near Dawson City. Gil-
christ asserts that the British mine-
recorders and inspectors show British
miners no more favor than are given
to Americans. He will return to Alaska
next month.

Rare Specimen of the Lizard Family
Found in Crawford County.

English, Ind., Aug. 23.—Professor
Charles A. Robertson was presented
with a rare specimen of the lizard fam-
ily by an admiring friend, who caught
it while at the White Sulphur wells, in
this county, last week. The rarity of
the specimen, which is a slight fraction
over six inches long from tip to tip, is
that its normal color is crimson, but
like the chameleon, it changes its color
and assumes almost every conceivable
hue. The most remarkable is a perfect
gold, with the gold of the lizard. An-
other peculiarity is that this building
at night is displayed by its phosphores-
cent nature, when the little reptile
seems to glow to one-half its normal
size and then expand to twice its meas-
urement.

FOUL PLAY FEARED

Kokomo Man's Wife Mysteriously
Missing After a Buggy Ride.

Kokomo, Ind., Aug. 23.—Two weeks
ago John Van Scoy and his wife quar-
reled viciously and shortly afterward
they were seen to get in a buggy and
drive away together. Van Scoy re-
turned the next day and said he had
taken his wife to her mother's in Grant
county for a visit. A neighbor feared
foul play, for it is alleged he had often
threatened to kill her, and wrote a let-
ter to the woman's relatives. The an-
swer came back that Mrs. Van Scoy
had not been there. The husband dis-
appeared three days ago and cannot be
located. The woman's brother is here
making an investigation, and the woods
are being searched, as foul play is
feared.

BUILDING FELL

One Workman Crushed to Death and
Another Seriously Injured.

Winslow, Ind., Aug. 23.—Robert and
John Anderson, brothers, were engaged
in tearing down an old schoolhouse,
about five miles from here, when the
building collapsed, and the men were
buried in the ruins. Robert Anderson
was killed and John was so badly hurt
that he cannot live. The dead man
leaves a large family.

Cut With a Razor.

North Vernon, Ind., Aug. 23.—
Charles Ormsby of the Baltimore and
Ohio Southwestern railway, was at-
tacked by two colored men, one of
whom slashed him in the back. Ormsby
turned on his assailant and overpowered
him, the other escaping. The captured
negro, gave his name as Benjamin Han-
son of Indianapolis, and was committed
to jail. Ormsby received four cuts se-
veral inches in length and one in depth,
and his condition is serious.

Will Be Returned to Kentucky.

Indianapolis, Aug. 23.—Governor
Mont yesterday honored a requisition
from Governor Bradley of Kentucky
for the return of "Buddie" Vaughn,

Green county, Kentucky, where he is
said to have killed James Beckner, col-
ored.

Valuable Barn Burned.

owned by Bennett Harris burned yester-
day, destroying 1,800 bushels of wheat,
90 tons of clover hay and some farm im-
plements, at a loss of several thousand
dollars. The supposed cause is spontane-
ous combustion. There was no insur-
ance.

Buried Under Tons of Slate.

Three physicians had given me up.
Fortunately, a friend advised trying

Drink, Grain-O.

If ever you have concluded that you
ought not to drink coffee. It is not a

it is healthful, invigorating and appet-

and has that rich seal brown color and
taste like the finest grades of coffee
and costs about 1/2 as much.
Children like it and thrive on it be-

**NO DECEPTION USED IN TALK-
ING ABOUT MORROW'S KID-
NE-OIDS.**

The Arguments in Their Favor
Come from People Who Have
Tested Their Merits.

There is no deception in anything
we publish about Morrow's Kid-ne-
oids. All our statements are facts and
are from people right here in Indiana.
People all walks of life are using
and recommending Kid-ne-oids be-
cause they cure backache, nervousness,
sleeplessness and general debility in
cases where other remedies have failed.

We ask you to read the following
statement from Mr. Abram Abrams
Greencastle, Ind., who says:—"For the
past fifteen years I have been afflicted
with kidney trouble and I can truth-
fully say that I have practically re-
ceived no benefit from the many dif-
ferent preparations I have used for
kidney disorder. I obtained Kid-ne-
oids, and used them according to the
directions and they helped me from
the start and today I have no backache
at all and no urinary disturbances. I
feel safe in saying that I can recom-
mend Morrow's Kid-ne-oids to any
one."

Kid-ne-oids are for sale at fifty
cents a box at Alpha Cox's drug store.
Mailed on receipt of price. Manu-
factured by John Morrow & Co.,

Drink, Grain-O.

If ever you have concluded that you
ought not to drink coffee. It is not a
medicine but doctors order it, because
it is healthful, invigorating and appet-
izing. It is made from pure grains
and has that rich seal brown color and
taste like the finest grades of coffee
and costs about 1/2 as much.
Children like it and thrive on it be-
cause it is a genuine food drink con-
taining nothing but nourishment. Ask
your grocer for Grain-O, the new food
drink. 15c and 25c.
